New York, July 20.—Health department officials and physicians who have been attempting to discover a remedy for infantile paralysis showed keen interest today in a statement made by for. N. McL. Whittaker of Brooklyn that in about a dozen cases of the disease which had been treated by him beneficial results had been obtained by hypodermic injections of quinine and ureahydrochloride.

This opinion was rendered in answer to a contention that is being made that persons who intend to yote the national prohibition ticket, but who are willing to pledge themselves to support the state democratic ticket, should be permitted to yote. Just a Few Words as to "Claims" and "Claimers" in the Congressional Race

Extravagant claims are being made in the public press as to the strength of some of the candidates in the race for congress. This is to be expected. It is natural that a candidate, recognizing defeat, will attempt to "claim" everything on earth. Some of the predictions as to the outcome of the congressional race stamp one of the candidates as more qualified for the position of "claim agent" than it does to represent a great people in the halls of congress.

The friends of John D. Robinson, throughout the campaign, have been sitting "steady in the boat." They know his strength in an five of the counties composing the Eleventh district; they know not a voter will be deceived by this last "gasp" of the opposition. While the opponents of Judge Robinson have been busy hurling anathemas, he and his friends have been busy presenting to the voters his claim to go to congress, based on his ability, his platform of principles and defense of the party platform in state and nation.

Judge Robinson and his friends have not interested themselves as to which of his two opponents was the strongest man, as has been tive. Touching on this subject, a recharged in the public prints. They have been busy conducting their cent magazine article says:

The claims of the opposition that Judge Robinson will have hard sledding to carry Bell-county is so ridiculous as to be amusing. The opponents of Judge Robinson will not get enough votes in Bell county Saturday to "wad" a shotgun.

If Too Fat Get More Fresh Air

Lack of fresh air it is said weaken the oxygen carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off a serious case of obesity may result.

result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a notice-able reduction in weight.

Iough has made a sweeping gain. We are sending you our little club; wish you would come to Hamilton and Gatesville one more time.

Milwaukee, Wis. - "Before taking Lydia E. Pinkham's Vegetable Compound I was a physical wreck. I had been going to a doctor for several years but he did me no good. A friend told me about Lydia E. Pinkham's Vegetable Compound, so I decided to give it a

fair trial, and it gave me relief from bearing down pains which had been so bad that I would have

to lie down. I also used the Sanative Wash and it has done me a great dea! of good, and I am not troubled with a weakness any more." - Mrs. P. L. BRILL, 1299 Booth Street., Milwaukee, Wis. The most successful remedy for wo-

Dr. Eberle and Dr. Braithwaite as authors-agree that whatever may be he disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. ierce at the Surgical Institute, Buffalo, N.Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine - this will be carefully done without charge, and you will be under no obligation. Dr. Pierce during many years of experimentation has discovered a new remedy which he finds is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheuma tism, go to your best druggist and ask for a 50-cent box of "Anuric" put up by Dr. Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more.
